SUBJECT: Photography on Cuba

PRESENT: Mr. James Q. Reber, C/SRS/DPD

[REDACTED]	O/Dir/PIC	25X1A
[REDACTED]	IO/Ops/DPD	25X1A
[REDACTED]	/DPD	25X1A
[REDACTED]	IO/Ops/DPD	25X1A
[REDACTED]	Intel. Officer, [REDACTED]	25X1A
[REDACTED]	PIC	25X1A
[REDACTED]	PIC	25X1A

1. All requirements levied by either WH or DPD on PIC to date have been largely satisfied within the availability of photography.

2. Upon the arrival of the TALENT photography on Cuba, PIC will produce a preliminary report giving special attention to the geographic points suggested by WH on the basis of its limited information on Cuba and other items of urgent interest as indicated by WH. The preliminary report produced by PIC will be TOP SECRET NOFORN sanitized to avoid disclosure of source of information.

25X1A 3. Subsequent requirements for photo interpretation reporting for WH will emanate from the Intelligence Officer of [REDACTED] directly to the Requirements Staff/PIC with an indication as required by PIC for priority arrangement of these requirements.

25X1C 4. DPD, with the knowledge of WH, will be from time to time in need of [REDACTED] photography or information or both and will levy requests for same on the Requirements Staff/PIC. It is understood that such requirements will take priority over other requirements levied by the Intelligence Officer, [REDACTED] unless that Officer directs otherwise (presumably based upon coordination with DPD/Operations).

5. The original photography will be in the TALENT System, TOP SECRET, CHES and may be downgraded to lower classification provided the sanitizing procedures already established in the TALENT Sanitization Manual are followed.
